The Energy Of Life® Process for Healing and Empowerment EDUCATIONAL PROGRAMS

*Developed and Presented Exclusively by Sue and Aaron Singleton,
Founders of The Way To Balance, LLC*

The EOL® Educational Programs are a powerful collection of enhanced intuitive, energetic and bodywork techniques and tools developed by Sue and Aaron Singleton.

The EOL Process uses a combination of *healing arts, established science* and the Singletons' *two decades of combined experience* performing healing services for clients who travel from around the world to experience The Energy of Life.

The EOL Educational Programs Include Three Distinct Workshop Categories:

EOL Intuitive Enhancement and Self-Empowerment Workshop Series
Strengthen your intuitive abilities, attune to your highest energetic potential, and experience a healing transformation that enhances all aspects of your life. Learn practical and powerful tools for enriching your everyday life and career, and healing yourself and others.

EOL Emotional Release Acupressure System Workshop Series
This next generation acupressure system applies frequency-based energy points that resonate 360° from point of contact rather than the traditional linear flow pattern.

The frequencies target specific patterns in the body to facilitate release.

EOL Radical Hands-On Healing Workshops

See the body with new eyes! Achieve incredible and lasting results with the EOL Radical Healing Protocols. These totally independent 1 or 2-day workshops combine energetic healing, integrative and manual hands-on techniques that are unique to the EOL Process.

Each workshop category complements the others, offering an extraordinary opportunity to explore cutting edge vibrational healing and attunement as well as enhance and amplify the effectiveness of all other energy, intuitive and bodywork techniques you currently use.

FREQUENTLY ASKED QUESTIONS

Will the EOL Process Enhance the Energy Techniques I Currently Use?

EOL tools and techniques enhance and amplify the effectiveness of all other energy, intuitive and bodywork techniques. EOL workshop participants typically include nurses, psychotherapists and other allopathic healthcare practitioners, as well as experienced alternative healing professionals including massage therapists, bodyworkers and energy practitioners, as well as laypersons.

The revolutionary techniques used in the EOL Process for Healing can be practiced as "stand-alone" procedures or incorporated into other healing modalities in order to amplify and enhance the healing benefits.

Can Experienced Practitioners Benefit?

Each workshop empowers both experienced professionals as well as laypersons with the tools and techniques they need for experiencing new realms of intuition and healing energy. **Practitioners also receive Contact Hours for each completed workshop.**

Can Laypersons Benefit?

Yes! For example, parents are empowered to resolve injuries and discern appropriate healing actions for themselves and their children. People with a wide range of lifestyles, vocations and professions benefit from the practical yet empowering techniques that they learn to apply throughout every day life - at home and at work!

Your Building Blocks Toward A New Level of Clarity

Each component of the EOL Process for Healing and Empowerment Educational Series complements the other categories. Each also offers unique opportunities to explore cutting-edge structural and vibrational healing.

What Prior Experience Do I Need?

There are no outside requirements nor is any prior experience necessary to participate in any component of the Educational Series offered by The Way To Balance, LLC. Within each workshop category, there may be prerequisites or "foundation" workshops required before proceeding to the next course. Please refer to class descriptions for full details. Many clients find it beneficial to refer to their calendar for the next several months and call or fax their order form in with payment for classes from different categories, to guarantee their seat(s). Space is limited and classes often fill up quickly.

I'm Interested In All Three Categories. In Which Order Should I Take Classes?

You may take classes in any order you wish, at your convenience, provided that you complete any pre-requisite classes within each category before moving on to the next class. Examples: For the EOL Acupressure System Series, Level I, Module 1 is a prerequisite, and students may take Modules 2, 3, and 4 in any order they wish. For the Intuitive Enhancement and Self-Empowerment Series, Foundation modules 1 and 2 are required before moving on to modules 3-7, which are taught in consecutive building blocks. The EOL Hands-On Radical Healing Workshops are totally independent of each other and may be taken in any order.

Participant Comments:

"Nothing similar to this [program] exists ... it exceeded my expectations."

"You are both terrific. This was a very professionally run program. The focus on individuation really hits home...Very enjoyable and enlightening...I loved it!"

"EOL coursework is very profound... Yet it's deceiving: How straightforward and simple Aaron and Sue make it to learn. Discernment tools and [easy] format to apply in my daily life is a pleasant surprise."

Intuitive Enhancement and Self-Empowerment Workshop Series **A Category of The EOL® Process for Healing Educational Program**

Open to practitioners and laypersons; 9.6 Contact Hours per Module.

Investment: \$175 per module

"The emerging science of intuition will eventually suggest that regardless of your path in life, intuition needs to be an integral component, enabling you to reach your potential."

- C. Norman Shealy, M.D., PhD.

MODULE DESCRIPTIONS

The EOL Intuitive Enhancement and Self-Empowerment Series is presented as a series of seven (7) modules or "building blocks". Foundation modules EOL (1) and (2) are required to proceed with later modules, unless instructors Aaron or Sue Singleton determine in advance that you have otherwise experienced the intuitive and energetic processes of the workshop.

EOL® Module (1):

Awaken Full Cellular Memory & Attain EOL Attunement

Did you know that you could be increasing the amount of toxins in your body every day?

Learn simple and practical techniques to activate and use the EOL® Process & EOL Energy Attunements! You will discover the endocrine & chakra systems' correlation and practice hands-on EOL energy techniques to evaluate & remove toxins from food & beverages. You will also learn how to balance and optimize the Chakra and Aura Systems, and discover the EOL-specific and unique energy flow patterns to empower heightened Divine Connection while fully grounded in the physical.

These foundational EOL techniques are simple to learn, but produce powerful results!

Prerequisite 1 of 2 for all EOL Intuitive Enhancement Workshops.

Participant comments:

"These workshops should have come with a label – "Warning: Your life will never be the same!"

EOL® Module (2): Intuitive Self-Diagnosis and Introduction to the EOL Root Cause Model

***Determining the Root Cause of illness and disease
is the key to healing.***

In this module you will discover the definition and framework for The EOL® Process for Disease and Illness. Learn where emotions are stored and how physical and emotional traumas and other factors affect your health and require release.

For example, harmful residual side effects often follow diagnostic and treatment protocols such as electrical stimulation, MRI, chemotherapy and X-Ray. Cellular memory holding patterns may also follow physical traumas, viral, bacterial, fungal and mutated illness residues, as well as outside / environmental toxins and more.

Sue and Aaron provide easy-to-understand and practice EOL techniques, derived from proven aspects of Quantum Physics, that shed new perspective on human biology, the interrelationship of all matter within the body, and neuro-chemical responses in the body. You will practice using The EOL Root Cause Model, and uncover Spiritual and Karmic emotional trauma and more!

Prerequisite 2 of 2 for all EOL Intuitive Enhancement Workshops.

EOL Emotional Release Acupressure System Workshop Series

A Category of The EOL® Process for Healing Educational Program

This next generation acupressure system applies frequency-based energy points that resonate 360° from point of contact rather than the traditional linear flow pattern. The frequencies target specific patterns in the body to facilitate release.

Open to practitioners and laypersons.

Each module includes in-class contact hours, plus experiential practicum assignments to complete and submit for the remaining credits.

The EOL Acupressure System goes beyond the parameters of any acupressure system to date. It is based specifically and directly on the frequencies of the physical and psycho-physical tension patterns that develop into disease.

The EOL Acupressure System uses acu-points as resonators that send energy 360° from point of contact – like the ripple from a pebble tossed into a pool of water – rather than a linear flow pattern of holding two points at a time.

This cutting-edge acupressure system applies frequency-based energy techniques to disperse, or break up blockage patterns through a different methodology than traditional acupressure systems based solely on meridian flows.

OBJECTIVES:

- Learn to locate 58 acu-points through basic anatomical relationships.
- Use Chi Kung as a catalyst to become a clearer vessel of universal energy.
- Work with specific physical and psycho-physical conditions.
- Learn to identify signs of release.
- Use universal energy to facilitate rapid yet deeper release.
- Facilitate a deeper healing response through focused breathing techniques.

Available modules: Level I, Modules 1-4.

Modules 2, 3, and 4 may be taken in ANY order once prerequisite Module 1 is completed. See next page for module descriptions.
