Written in a practical, easy-to-follow format, *Nine Simple Laws to Create Joy and Grace: A Comprehensive Guide to Manifestation* is a powerful tool for the box.

As an internationally renowned medical intuitive, author Sue Hanks Singleton brings more than 20 years of real life experience to her writing. Using real life examples, Singleton is able to demonstrate time and again how these Universal Laws can be put to work for everyone.

Craving a guidebook for life, Singleton felt there was something more than just the Law of Attraction at play in the universe. With a chapter for each of the nine Universal Laws, complete with exercises, affirmations and Stone Play to reinforce the learnings; this book breaks down the laws in ways that are accessible for everyone. From the Law of Unconditional Love to the Law of Gratitude and so much in between, it is easy to understand how the synergy between these laws is essential for them to all work together.

Singleton's goal in writing this book was to share her wisdom in a comprehensive and fun guide for living in harmony.

Sue Hanks Singleton is the co-founder with her husband Aaron of The Way to Balance Center for Advanced Healing and Training, in Amesbury MA. Available through Amazon.com, BarnesAndNoble.com, and other major online booksellers.
